February 2009

## January Meeting

32 members braved the cold to attend the January meeting. New president **John Holbrook** announced a fun fly will take place April 18. He also mentioned nothing is scheduled for March if someone is interested in planning something speak to **John**.

Past President **Ron Staben** took the floor for a moment to acknowledge and thank all members working behind the scenes to keep the club and its events running smoothly.

**Loren Baker** handled the 50/50 and the raffle, the winner of the 50/50 wasn't present so again it rolls over to next month. **John Coffey** was present and in possession of the winning raffle ticket. He took home a Great Planes Real Flight G3.5 simulator.

## **Eric Larson**

explained the misunderstanding with Hobby Works and encouraged everyone to continue supporting them.

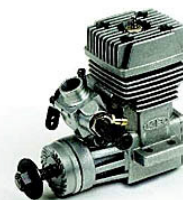

**Gary Likens** assured everyone that the field is still there and not yet in need of mowing. I suspect by now a set of **J.R.**'s skis may be in order.

**John** closed the slightly abbreviated meeting with a promise to do better next time.

## The Shop

In light of the current economy I got to thinking how to save a few bucks. I suspect anybody who has been in the hobby for awhile has amassed a collection of engines. Some are actually worn out others were worn out on impact. Worn or crashed damaged parts are

easily replaced in many cases. Most newer engines include phone numbers and addresses for service but, some of the older engines are not so easy. To that I offer the following:

**BJ's Model Engine Service** 203-888-4819

[www.bj-model-engines.com](http://www.bj-model-engines.com) is a factory

authorized service for RCV, Brisson, Revolution, and Enya.

**Fox Mfg** 479-646-1656

[www.foxmanufacturing.com](http://www.foxmanufacturing.com)

**Mecoa** 1-800-359-6972

[www.mecoa.com](http://www.mecoa.com) Has engines and parts from K&B, Mecoa, HP, Fuji, HB, RJL, and Kavan.

## **Paying Membership Dues:**

Sunday Flyers annual dues are \$30+ Field Use fee of \$20 for a total of \$50. When you reach the age of 62, that total will reduce to \$40 and when you reach the age of 65 and have been a member for the preceding five consecutive years, your Sunday Flyers dues are \$20. Last opportunity to pay dues without incurring another initiation fee of \$40 is by the next May Club Meeting.

Pay by the March meeting and be entered in an Early Bird drawing of \$200 toward your choice of something RC related. Mail a check made out to Sunday Flyers and a self addressed stamped envelope to :

**Bill Polhamus**  
8 Ranger Ct.  
Baltimore, MD 21234

**“What fits your busy schedule better, exercising one hour a day or being dead 24 hours a day?”**

## **Lino X ALBI.**

On January 26, 2009, **LINO X. ALBI**; beloved brother of Eleanor Hollopeter, Remo, Angelina and Mario Albi; loving uncle of many nieces and nephews.

A memorial service will be held on **February 21, 10 A.M** at St. Dominic's Church, 5310 Harford Road, MD, 21234. In lieu of flowers, memorial contributions may be made to St. Dominic's Church in memory of Lino X. Albi.

Arrangements by Cremation and Funeral/Stephen D. Lohrmann, P.A., 8717 Green Pastures Drive, Baltimore, MD, 21286.

## **Parts is Parts**

**Middle River Hobbies** –

close to Bird Field -10% discount on replacement parts and fuel.

Monday - Friday 10 am - 8 pm

Saturday 9 am - 6 pm

Sunday 9 am. - 4 p

## **Hobbytown USA**

Glen Burnie

10% discount to

Members

(except fuel).

## **Udvar-Hazy Center**

Something I was thinking about for March is possibly planning a club trip to the UH Center in Chantilly, Virginia. I don't know what a bus would cost but admission is free and they are open every day but Christmas from 10:00-5:30. They have an impressive collection of aircraft, spacecraft, and engines. If there is enough interest the cost per person would be very reasonable.

## Events

### **Wram Show**

<http://www.wram.org>

## Dumb Bunnies

Last Sunday while fooling with Steve's Saito 100 for some reason I laid the chicken stick down and decided to flip it by hand. Just in the process of pulling it around to compression I cut my middle finger deep enough that I probably should have gotten stitches. This was with a sanded and balanced prop. The engine was not even involved it was just sliding my finger down the prop. Point being wear gloves or use a chicken stick.

## Welcome Associate Member

Neil Duffield

Hats \$13.00

See Bill P at the meeting.
