****** MEETING THIRD SATURDAY, MARCH ******

****** BIRD FIELD ******

Current schedule for meetings are:

March

May

July (August if not too hot)

September

November

First Pilot Event

We had a nice turn out, 24 members. The weather finally cooperated. There were four competitors for First Electric Flight. **John Coffey** was the winner. Unfortunately, there were no Nitro competitors. There would have been one if **Steve Bonn** had not landed at the top of a tree. Some say he didn't earn First Crash since the plane never hit the ground.

Steve Bonn

First Crash
2018

Nonetheless, \$70 later, I felt he "Earned" it.

Lunch was good. **Stephen Schuman** donated Baked Beans. Very little was left at end of the day. **Thank you.**

- **Pictures are pending getting on website. Will advise when Ted Schott gets them on.**

To round out the day, **JR** brought his log splitter and a hearty group of gentlemen split the entire pile of huge logs, some of which have been there for 5 years or more. Thanks to **ALL** and **JR**.

State of the Club

- **Bird Field Issues**

Things are looking good. Had to move kitchen roof replacement to Spring. **John Coffey** replaced the trim on west side of clubhouse where rain was getting in. Need to bleach inside leaks lest they start to mold and in addition, caulk the seams of the exterior covering. All lawnmowers have been winterized.

- JR made some timely “grabs” for the field. He seized the opportunity to get 4 poly chairs and a table for outdoor use. He also had an opportunity to grab 8 cushioned steel armchairs. They are currently set up inside the clubhouse.
