Field Fee

Field Fee is due to new owners on January 1. We have a lease on the table. I'm awaiting it's return to me with owner's signatures. Steve and I will be signing the lease with Daniel and Katie Sines at time of payment. **Any shortfall of Field Fee pledges will come out of the General Fund.** A few members have promised to pay after the new year. We have \$2871 against \$3000. So, we're good !

I have Paypal, Venmo and CashApp. My address is on last page. Or, give cash or check to **Steve Bonn**. Make it out to Sunday Flyers.

Wood Burning stove now at Bird Field is not putting off enough heat to keep anyone warm. So, both burn barrels are being used. **Paul McRann** just donated a cord of wood to the club. After the fire gets going, toss in some of the big chunks of wood.

The wood arrived and was stacked immediately, Thanks to:
Bill Brailsford, Kevin Siford
and **Phil Reynolds**.

Nice job guys!

Related note, our tree climber, Dave, has been adding to our pile of big wood chunks.

Remember to use them when the burn barrel is blazing.

Indoor Flying is BACK !

Marc Ferretto and Phil Reynolds

are teaming up to keep the activity going on Sunday afternoons. At this time **masks** are mandatory to enter the building and participate.

The permit covers the following period:

Sundays 10/3/2021 thru 4/24/2022, 12:30p to 3:30p

Wednesdays 10/6/2021 thru 4/27/2022, 9:30a to 12:30p.

Address of Back River Rec Center - 801 Back River Neck Rd.

Essex, MD 21221

Let's continue to safely enjoy Bird Field.

Thanks for mowing.. You can rest for a few months.....

Try hard to remember to put cig butts in the hanging bottles.

SAFETY NOTICE

Please note Bird Field's address in your mobile phone. It's 853 Bird River Beach Road. That will bring an ambulance or whoever right to our driveway.

Covid 19

Omicron variant is causing a strain on health care systems. People all around us are testing positive. I have personal friends that flaunt it, don't believe it's true until they or their kids get it. I'm connected to 5 different people that have it right now. Three adults (one who has had no sense of smell for the last 9 months), one 9 year old, one 15 year old.

If you are considering it the same as flu... Flu doesn't stay with you like Covid. You get a flu shot... get a Covid shot. The virus is NOT in the shot.
