First Pilot 2023

Mike Smith

Mike flew his Valiant into history at 8:45 am on January 1. He was alone at the field. Congrats.

There are no other notables for the year. We haven't had a crash in so long, no one remembers the last one and of this writing there are no new crashes recorded this year.

Bird Field

JR and I signed the lease for Bird Field 2023. I delivered it to Daniel and Katie Sines on January 2. I learned they are actually working on plans to move the current driveway closer to his Dad's house in anticipation of building across the road from Dad. Price \$3000.

Remote ID

AMA was officially recognized as a Community Based Organization by the FAA. This allows the AMA to request that their charter clubs' flying fields to be recognized as an FAA Recognized Identification Area (FRIA). When approved, we do not have to buy Remote ID tags. I submitted the form on December 11, 2022. Nothing to do except wait.

Last Club Meeting

New Club Officers elected:
President: Bill Polhamus
Vice President: JR Senez
Sec/ Treasurer: Bill Polhamus
Safety Officer: Shawn Reed

Wood

At the last meeting, we agreed to continue to use the burn barrels and buy another cord of wood, as needed at \$ 250.

Field Insurance

It was decided to insure both Bird Field and Reimer Field.

Maintenance

Not knowing the future of Bird Field, we agreed that the barn door should be replaced or repaired. The balance of the building will only be repaired if some building materials become available from construction overruns. So, no stove and no moving back into the club house for the winter.

Flea Market

Shawn to host another Flea Market early Spring 2023.
